

Reading is Rewarding!

We would like to extend a little something extra to your school's library and reading programs! Your local Burger King's leadership and management team understands the importance of learning and reading especially in a student's primary developmental stage. We've designed a certificate that can be universally integrated into current reading programs in your school or used as a little extra incentive for Accelerated Reading. We hope that the integration of these certificates into your reading programs will help keep students motivated as well as further develop their reading skills.

Please fill out the form attached to get started!

We welcome and appreciate any feedback on how you integrate these certificates into your school's reading programs! Please direct feedback to bkincentives@midamcorp.com.

Reading is Fun!
